## PROFESSIONAL EXPERIENCE

### Interactive Exhibit and Graphic Designer, Baltimore, MD 2015 - Present

Working with clients such as Johns Hopkins University, Association of Science-Technology Centers, and Baltimore Underground Science Space as a freelance 2D and 3D designer. Most recently I designed and prototyped an interactive exhibit for the Association of Science-Technology Center's World Biotech Tour. It will be exhibited in 5 museums around the world including the Montreal Science Center, the National Museum of Science and Technology Leonardo da Vinci in Milan Italy, and the National Science Museum of Thailand.

### Teacher // Maker in Residence: Futuremakers, Baltimore, MD Feb 2013 - Sept 2015

Designed workshops for K - 12th youth utilizing diverse fabrication techniques such as woodworking, sewing, circuit design, 3D modeling and printing, storytelling and audio production. Taught design thinking to empower people to see themselves as active participants in the creation of their world.

### Web Designer: ION Design, Baltimore, MD 2013

Worked with a programmer to do freelance webdesign under the name "ION Design."

### Farmer // Carpenter: Five Seeds Farm and Apiary, Sparks MD 2012

Responsible for planting, tending to, and harvesting crops as well as various carpentry and handyman jobs.

### Designer // Researcher // Teacher: George Greenstein Institute, Baltimore MD 2011

Designed presentations and objects for "Brain Awareness" workshops and for Dr. Greenstien's Talks. Worked with Dr. Greenstien to formulate and teach a workshop in recognition of Brain Awareness Week.

### Editor // Cinematographer // Sound Tech: Raw Honey Films, Baltimore MD 2010

Editor and camera/mic crew person for the documentaries, "Finding our Wings," "Us Naked," and "The Firecracker of Bourbon Street" produced by Raw Honey Films.
